

Proposed Budget Cuts - Impacts to Health Services

Legislative District Analysis - AD 48

Assembly Member Mike Davis

The governor's proposed cuts will have devastating consequences in communities across Los Angeles County. This factsheet looks at the impact of the cuts to families in the 48th District.¹

The governor has proposed increasing reporting requirements for children and adults enrolled in Medi-Cal to four times per year. Not only will thousands lose health coverage, but the move would also create future costs to reenroll children that will outweigh any short-term savings.²

- **In the 48th District, over 3,700 children will lose Medi-Cal coverage next year if these reporting requirements are enacted.**

The governor has proposed rolling back eligibility for low-income parents applying for Medi-Cal coverage. Under the proposal, a family of three earning above \$10,736 a year would now be ineligible for Medi-Cal coverage.

- **In the 48th District, 11,000 parents would be prevented from obtaining coverage when the proposal is fully implemented.**

The proposed cuts to these programs would deal a huge blow to local communities already in the midst of a severe economic downturn:

- **In the 48th District, the local economy will lose over \$29 million in revenue from the Medi-Cal and Healthy Families programs - funding that supports vital patient services and quality jobs through hospitals, community clinics and other health care providers.**

NEGATIVE IMPACTS TO LOCAL HEALTH PROVIDERS

Several local hospitals, health centers, and community clinics in the 48th District will be heavily impacted by the proposed budget cuts including:

- Korean Health Education Information & Research (KHEIR)
- Northeast Community Clinic
- QueensCare Family Clinics
- Shriners Hospitals for Children
- St. John's Well Child & Family Center
- T.H.E. Clinic
- UMMA Community Clinic

ADOPTED & PROPOSED CUTS FOR PROVIDERS:

- 10% Medi-Cal provider and managed care rate cuts
- 10% cut to Safety Net Care Pool Payments

NET IMPACT:

- Less access to care for local families
- More strain on the ER system
- Possible staff layoffs
