

Proposed Budget Cuts - Impacts to Health Services

Legislative District Analysis - AD 53

Assembly Member Ted Lieu

The governor's proposed cuts will have devastating consequences in communities across Los Angeles County. This factsheet looks at the impact of the cuts to families in the 53rd District.¹

The governor has proposed increasing reporting requirements for children and adults enrolled in Medi-Cal to four times per year. Not only will thousands lose health coverage, but the move would also create future costs to reenroll children that will outweigh any short-term savings.²

- **In the 53rd District, over 700 children will lose Medi-Cal coverage next year if these reporting requirements are enacted.**

The governor has proposed rolling back eligibility for low-income parents applying for Medi-Cal coverage. Under the proposal, a family of three earning above \$10,736 a year would now be ineligible for Medi-Cal coverage.

- **In the 53rd District nearly 2,000 parents would be denied coverage when the proposal is fully implemented.**

Revenue from Medi-Cal and Healthy families helps pay the salaries of thousands of local workers who make up the backbone of our local economies. The proposed cuts to these programs would deal a huge blow to local communities already in the midst of a severe economic downturn:

- **In the 53rd District, the local economy will lose over \$6 million in revenue from the Medi-Cal and Healthy Families programs - funding that supports vital patient services and quality jobs through hospitals, community clinics and other health care providers.**

NEGATIVE IMPACTS TO LOCAL HEALTH PROVIDERS

Several local hospitals, health centers, and community clinics in the 53rd District will be heavily impacted by the proposed budget cuts including:

- Centinela Freeman Regional Med. Center
- Marina Campus
- Del Amo Hospital

- Torrance Memorial Medical Center
