

Proposed Budget Cuts - Impacts to Health Services

**Legislative District Analysis - AD 38
Assembly Member Cameron Smyth**

The governor's proposed cuts will have devastating consequences in communities across Los Angeles County. This factsheet looks at the impact of the cuts to families in the 38th District.¹

The governor has proposed increasing reporting requirements for children and adults enrolled in Medi-Cal to four times per year. Not only will thousands lose health coverage, but the move would also create future costs to reenroll children that will outweigh any short-term savings.²

- ***In the 38th District, over 1,500 children will lose Medi-Cal coverage next year if these reporting requirements are enacted.***

The governor has proposed rolling back eligibility for low-income parents applying for Medi-Cal coverage. Under the proposal, a family of three earning above \$10,736 a year would now be ineligible for Medi-Cal coverage.

- ***In the 38th District over 3,900 parents would be denied coverage when the proposal is fully implemented.***

The proposed cuts to these programs would deal a huge blow to local communities already in the midst of a severe economic downturn:

- ***In the 38th District, the local economy will lose over \$12 million in revenue from the Medi-Cal and Healthy Families programs - funding that supports vital patient services and quality jobs through hospitals, community clinics and other health care providers.***

NEGATIVE IMPACTS TO LOCAL HEALTH PROVIDERS

Several local hospitals, health centers, and community clinics in the 38th District will be heavily impacted by the proposed budget cuts including:

- Henry Mayo Newhall Memorial Hospital
- Los Angeles County - Olive View - UCLA Medical Center
- Simi Valley Hospital/Adventist Health
- Northeast Valley Health Corporation
